## Learn to Program with Minecraft Plugins: Create Flaming Cows in Java Using CanaryMod

By Andy Hunt

The Pragmatic Programmers. Paperback. Book Condition: new. BRAND NEW, Learn to Program with Minecraft Plugins: Create Flaming Cows in Java Using CanaryMod, Andy Hunt, The first edition of this book used the Bukkit modding server and library, which was taken down due to a legal dispute in September 2014. This new edition has been completely revised to replace Bukkit with the CanaryMod library. The bestselling, kid-tested book for Minecraft is now updated for CanaryMod! Write your own Minecraft plugins and watch your code come to life with flaming cows, flying creepers, teleportation, and interactivity. Add your own features to the Minecraft game by developing Java code that "plugs in" to the server. You'll manipulate and control elements in the 3D graphical game environment without having to write tons of code or learn huge frameworks. No previous programming experience necessary. Expand your Minecraft experience! You'll learn how to write Java code and build plugins for your own Minecraft servers using the popular Java programming language. This new edition has been completely revised to use the freely-available CanaryMod library. You'll create plugins that can change blocks from air to stone, or spawn cows and creepers. You'll write plugins that react to game...

### Reviews

*An incredibly wonderful book with perfect and lucid explanations. It normally is not going to price a lot of. I am just very happy to tell you that this is the greatest pdf we have go through within my personal lifestyle and could be the finest book for at any time.*

-- Bart Lowe

*This is basically the greatest pdf i actually have go through till now. It is definitely simplistic but surprises within the fifty percent in the ebook. I am easily will get a delight of studying a published ebook.*

-- Hyman O'Conner III
