

Understanding Science: Our Bodies

By Penny Johnson

Paperback. Book Condition: New. Not Signed; Understanding Science is a series of topic-based study books for children in Key Stage 2, providing comprehensive coverage of key subject areas. Each topic contains a concise summary of the information required by the National Curriculum, together with structured practice. Each book is a stand-alone resource, so children can either work through them in order or focus on individual aspects of the subject. Together, the six books support the whole of the Key Stage 2 science curriculum, including scientific investigation, providing a solid foundation for success in science. Our Bodies meets the National Curriculum requirements for Key Stage 2 science, and covers the following areas: human life cycles, puberty, human digestive and circulatory systems, teeth, muscles, skeletons, diet, pulse rates, drugs and medicines. This book explains how to keep healthy and the changes that occur in a life cycle. It explores the variation between different animal (including human) diets, teeth and skeletons. Key features of Understanding Science include: an 'Explanation' to introduce each topic; activities to consolidate and revise knowledge and skills; thought-provoking facts to foster a love of learning beyond the National Curriculum; a 'Scientific investigation' table to identify and encourage scientific questioning...

Reviews

This publication will be worth purchasing. It is written in straightforward words and not hard to understand. I am just very happy to explain how here is the best ebook we have read in my own lifestyle and might be the best publication for at any time.

-- **Devante Mante**

This is the greatest book I have read through till now. It usually fails to charge excessive. You can expect to like how the blogger publish this ebook.
