Random House USA Inc, United States, 2011. Paperback. Book Condition: New. 201 x 130 mm. Language: English . Brand New Book. Just when the world needs it most, a new style of social engagement is emerging: Active Citizenship. A key member of one of New York s most civic-minded families--one that has supported many of America s notable institutions and deserving programs--Jonathan Tisch has devoted a lifetime to active citizenship. Eric Schwarz, who decided to do something about America s under-performing schools, and parlayed a single classroom mentoring project into the nationwide Citizens Schools movement. Chris Swan, who is training a new generation of citizen engineers to make sure that the projects they build aren t just structurally sound but also environmentally and socially sustainable. Dave Nelson, who traded his role as an executive at IBM for a job at a struggling nonprofit that teaches kids about the power of entrepreneurship--and discovered a host of new challenges and rewards in the process. Through these and many other remarkable stories, you ll learn how today s active citizens are transforming...
