Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Apostolic Gospel: With a Critical Reconstruction of the Text The subject of the present volume has gradually become prominent in recent years through the labour of New Testament critics. The Apostolic Gospel is a primitive document which now exists only as one among other elements contained in the four canonical gospels, and especially in the first and the third. Systematic attempts have been made to restore this document to its original form by the method of comparative criticism. My work differs in several respects from the attempts which have hitherto been made. It is more conservative, inasmuch as it preserves and admits into the text a number of narratives and sayings which have been rejected by critics even like Weiss and Wendt, who are not negative in their tendency. It is also a departure from current opinion, inasmuch as it involves a new estimate of the gospels and a new conception of Christs teaching and ministry. My argument is based entirely on textual evidence. In accordance with such evidence I have rearranged the sayings which are scattered through the gospels or gathered together into secondary formations; and the result is a series of discourses, each of which is authenticated by a clear connection of thought and by adaptation to the historical situation. The memoir thus gained is chronological. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
