## WALKABLE CITY: HOW DOWNTOWN CAN SAVE AMERICA, ONE STEP AT A TIME

North Point Press, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Jeff Speck, AICP, is one of the few practitioners and writers in the field who can make a 312-page book on a basic planning concept seem too short . . . For getting planning ideas into the thinking and the daily life of U.S. cities, this is the book." Planning magazine "Jeff Speck's brilliant and entertaining book reminds us that, in America, the exception could easily become the rule. Mayors, planners, and citizens need look no further for a powerful and achievable vision of how to make our ordinary cities great again." Joseph P. Riley, mayor of Charleston, S.C. " City planning and urban development are phrases almost guaranteed to bore and confuse regular people. Which is weird, given that cities are the least boring places on earth. Fortunately, Jeff Speck is a deeply knowledgeable, charming, and jargon-free visionary, a profoundly pragmatic person brimming with common sense everybody can use to improve their own lives as well as their towns and cities. If Jane Jacobs invented a new urbanism, Walkable City is its perfect complement, a commonsense twenty-first-century user's manual." Kurt Andersen, host of Studio 360 and author of True Believers "Cities are the future of the human race, and Jeff Speck knows how to make them work. In Walkable City , he persuasively explains how to create rational urban spaces and improve quality of life by containing the number one vector of global environmental catastrophe: the automobile." David Owen, staff writer at The New Yorker and author of Green Metropolis "Companionable and disarmingly candid, Jeff Speck perches on your shoulder and gets you to see your community with fresh eyes. He gradually builds a compelling case for walkability as the essential...
