Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be the best ebook for possibly.

Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, Circular Reflections: Selected Papers on Group Analysis and Psychoanalysis, Malcolm Pines, Earl Hopper, Saul Scheidlinger, 'Malcom Pines, a British psychoanalyst, is a disciple of S.H. Foulkes, the pioneer of group analysis. He was a founder of the Group Analytic Society and the Group Analytic Institute. A superbly lucid exponent of Foulksian theory, he edits the journal "Group Analysis", has edited books, written chapters and numerous papers. This selection of his papers is the first book devoted to his work alone. The subjects chosen include mirroring in the group and in child development; the borderline patient in the group; dissent and schism in the psychoanalysis and group analysis, as well as a history of dynamic psychiatry in Britain. One paper is on the sense of self and its continuity, while perhaps the most fascinating is entitled 'What Should a psychotherapist know?' It is no coincidence that 'group analysis' precedes 'psychoanalysis' in the subtitle: Pines considers it important and effective. This raises some questions; How can group members, themselves disturbed, help one another? How can group therapy be conducive to individuation? Pines' style is unique; based on arguments carefully constructed with the building stones of psychoanalytic theory, illuminated by sociology, philosophy, and by human understanding, it takes wings with literature and mythology. This book is a pleasure to read and re-read.' - Psychoanalytic Studies 'This book is a wonderful testament to the outstanding work of an outstanding scholar, Malcom Pines. Collected by his colleague and friend, Meg Sharpe, this medley of papers by Dr. Pines not only offers a review of his considerable contributions to the field of group therapy and group analysis, but it also offers a warm and touching picture of the man himself - Throughout the text we are able...
