Nordic Academic Press. Hardback. Book Condition: new. BRAND NEW, Global Care Work: Gender & Migration in Nordic Societies, Lise Widding Isaksen, This is a unique study of gender and migration. Written by researchers from Denmark, Finland, Norway and Sweden, this anthology brings the Nordic example to the international debate on how globalisation affects and commercialises women's traditional work. The authors uncover some uncomfortable facts about new ethnic hierarchies, social class and gender discrimination in their countries. The Nordic societies have a long history of active policies on gender equality and social welfare for all. But today families can outsource' gender equality conflicts to the global market, and on a national level the authorities can use migration policy to adjust to the needs of the labour market. The authors present empirical research on the lives of care workers, sex workers and au pairs, their families, and the social and legal migration regulations. Global Care Work critically examines the effects of new migration patterns and globalisation on the egalitarian ideologies in the Nordic countries. The book makes essential reading for those interested in migration, care work and gender issues.
